Sandra van Uffelen, Make up & hairstyling (The Hague / Rotterdam area).

On your wedding day, you want everything taken care of. You already have a wonderful dress but nice make up and a special hair style would make your wedding complete. Let me take care of your styling needs in the comfort of your own home.

♥ My personal working method:

On your wedding day you deserve to be pampered and made to look and feel incredibly special. A trial session for your bridal makeup and hairstyling is part of the fun of you wedding. First, we discuss what makeup you are used to and what you'd like for your wedding. Then we look at the style of your dress (modern, romantic etc..) and the colors of your wedding bouquet. I'll advise you on makeup that matches your wishes as well as enhancing your features. During a 2,5-hour trial we'll customize the look until you are satisfied. I'll take pictures and notes of the results so that I can recreate the perfect look on your big day. By using special primers, fixers, and my professional, high pigmented materials, your make up will stay beautiful all day. You will be given the chosen lipstick for touch-ups.

It is important that your wedding hairstyle suits the shape of your face and your dress and that it stays put all day. I'll take the time to achieve the best result following your wishes and I use specific materials for preparing and the fixation so that your hair style will still be beautiful in the evening.
